

STUDY FOR FREE

If you are aged 19 or over you may be expected to pay full fees, but you will be able to apply for a loan under the Government's Advanced Learning Loans scheme to cover the cost of these fees.

www.gov.uk/advanced-learner-loan/overview

But what if you could write off these fees? If you complete one of our Access to Higher Education courses and then go on and complete a degree or other recognised higher education course, you won't have to repay the remaining loan for the Access to Higher Education course: in effect, the balance of your Access to Higher Education loan will be written off, and you'll receive the course for free.

BEST IN THE WEST

The Official Higher Education Review's 2016 inspection carried out by the Quality Assurance Agency (QAA), identified Yeovil College's University Centre as an excellent Higher Education provider; we are the Best in the West.

The report also highlighted the far-reaching opportunities for students to develop their employability skills thanks to the strong and productive links with local and regional employers.

The reviewers passed the Centre on every single section of the provision and highlighted elements of great practice, such as the relevance of the curriculum delivery and the extensive support for professional development of teaching staff, so you can be absolutely certain that you are getting a great educational experience.

Access to Higher Education

A pathway to your chosen Degree

THINK DIFFERENTLY

Yeovil College is extremely proud to offer a huge variety of courses and progression opportunities from Level 1 right through to Masters Degrees, which means that we can equip people with the right skills and knowledge employers are looking for.

It is now easier than ever to study right up to Degree level right here at Yeovil College University Centre and one way to do this is through our Access to Higher Education courses.

Yeovil College University Centre works with three top institutions and many professional bodies to bring you a range of excellent, industry-recognised qualifications.

START YOUR JOURNEY

Access to Higher Education (HE) aims to give adults (19+) with significant life experience a fresh chance at learning and education. It is a nationally recognised qualification representing an alternative to the traditional A-Level route to University. As well as giving you the opportunity to gain academic skills you will need for higher level study, the courses aim to support students so that they increase in confidence and develop strong interpersonal skills.

In the majority of cases, our programmes are run over two days per week and are free subject to prior qualification.

As an Access student you will also be a student of Yeovil College's University Centre and you will have access to our own first class facilities: 100 seat lecture theatre, Learning Resource Centre, e-library, 24-7 access to College IT facilities, Virtual learning environment. We aim to provide one-stop support for our University Centre students.

For more information about Access to Higher Education or to apply for one of our programmes, visit www.yeovil.ac.uk call **01935 423921** or email info@yeovil.ac.uk
